## II. How to Register

1. Access to exclusive URL for course registration(<http://sugang.korea.ac.kr/graduate/>), and then choose 'Graduate School' and '1st Semester'.
2. Guidance of Research: Guidance of Research should be chosen every semester according to the below division.

<Division of 'Guidance of Research'>

- (1) Current Students: DKK500-division (Title: Guidance of Research)
- (2) Graduate Students in KIST Academy Research Industry Collaboration Program, Program in Biomicrosystem Engineering, and those who are in the 2nd or above semester of Science and Technology Studies : DKK510 for Research of Guidance 1, and DKK520 for Research of Guidance 2, 1 credit per each course
- (3) Completed research graduate students: DKK-600 (Title: Tutorial Research after Completion of Course Work)  
※ Except for Guidance of Research credits, students who completed course works are not allowed to take other courses

## III. The Confirmation of Course Register

1. After finishing online registration under the guidance of advisor and the head of the department, please confirm your courses at 「KUPID - Information Depot - Course Information - Course Registration」. If any problems, then you must correct them within the period of add/drop. (New students will be able to access to KUPID after the beginning of the semester.)
2. If your course is closed after the period of add/drop, you can change your courses at the academic affairs office of your college.
3. You are not allowed to register, add and drop courses after the period of add/drop.

#### IV. Caution for Course Registration

1. **Online registration must be done by him/herself.**
2. Please be aware that any opportunities to register will not be given to those who did not complete the process during the period of registration and add/drop.
3. After finishing course registration, you must check (or print) the screen at KUPID whether the courses were correctly input or not.
4. **Those who will return to the graduate school are expected to finish their registration in the given period.** Also, the registration will be officially approved after finishing your application process to return to the school.
5. Please accurately check the academic number of courses you intend to undertake. If the course is not officially registered due to any reason such as putting a wrong number, it will not be acknowledged without any exception.
6. **Graduate students are not allowed to retake the same course previously taken. If do so, the course will be seen as duplicate and cannot be officially acknowledged. You can only retake the course if you had a failing mark before.**
7. You can review your results at 'Information Depot' section of the KUPID system.
8. Aside from major courses, every student has to apply for **Guidance of Research (DKK500), 2 credits in each semester, so that you must acquire total 8 credits for 4 semesters.** Please check whether the course is automatically registered, and change it only if it is incorrect.
9. Graduate students in KIST Academy Research Industry Collaboration Program, Program in Biomicrosystem Engineering, and those who are in the 2nd or above semester of Science and Technology Studies have to apply for both DKK510(Guidance of Research 1) and DKK520(Guidance of Research 2) complying to their 'double-advisor system'.
10. **Maximum limit of applied credits per semester is up to 12,** and it can be 15 if including prerequisite courses (Eligible for school year's students before 2010) or advisor designated courses (Eligible for school year's students after 2010). (Excluding credits of Guidance of Research).
11. If you take any non-prerequisite courses from the undergraduate level, the credit will not be acknowledged. **Prerequisite or advisor designated courses are not included in your major courses, and will be marked on your report card as elective courses.**
12. As from the first semester in the year 2008, 'professional development in teaching' is open for doctorate candidates, so please apply for it if interested. (20 students in CTL810-00 course)
13. If you retake the same course or a retroactive course, the credit will not be acknowledged in any case. In addition, students in Ph. D. course are not allowed to register again any class completed in his or her Master course.

14. If taking a prerequisite course or an advisor designated course, please input the correct course number referring to undergraduate timetable, and clearly put the course as 'prerequisite' or 'advisor designated course'.

<Within 15 credits including graduate courses>

15. Please note that course classifications (major, prerequisite, guidance of research and advisor designated course) must be correct. You may be disadvantaged if the credit is not acknowledged by incorrect input.
